

**\*\*\* 8<sup>th</sup> Annual NJWT Turners Exchange ~ NOVEMBER meeting. \*\*\***

**~ 2017 ~**

With this event we hope to get as many members as possible to participate. **All skill levels** are encouraged to participate (as long as it is your **best** effort). The only requirement is that your TURNED piece stays within the parameters of each year's event.

***This year's event:***

***“ And Now.....For Something Completely Different”***

(Credit to Monty Python)

The challenge is for you to make something that you have ***never done before!***

It may be something you have always wanted to try.....but never got around to doing, or may be a piece or technique that inspired you to say.....”***someday I will make something like that***” !!!

*This challenge may be more difficult for those that have been turning for a long time 😊  
~ rather than for those relatively new to woodturning!!!*

***YOUR CHOICE of form*** (bowl, plate, platter, spindle turning, other form etc.).

- ***Maximum dimension - 8”.*** (height or diameter)
- ***At least ONE type of DECORATIVE embellishment.*** \*\* (see below)

\* \* \* \* \*

\*\* ***Some enhancements include:*** painting or dyeing, texturing, carving, pyrography or branding, piercing, beading, leafing or gilding. Use embellishments individually or in combination.

*Or, .... whatever your creative mind can come up with !!!*

*This should be a lot of fun for everyone involved! ***Be sure to sign your piece.*** Your “masterpiece” should be boxed and wrapped – ***anonymously!****

After all participants have opened their “gifts” the makers will then talk about their pieces ~ (*think “Show & Tell”*).
