

NEW JERSEY WOODTURNERS

Vision

The New Jersey Woodturning Association will be the preeminent resource in New Jersey for the promotion of woodturning, the education of its members and public about the art and craft of woodturning.

People will join and remain members of the New Jersey Woodturners club because: It is exceptionally friendly, a good place to meet and have fellowship with other turners. It will provide good training and teaching for turners of all levels, through an organized training program, well-known demonstrators, high quality show and tell programs. It will be a great place to learn new tips, techniques, showcase your work and stimulate artistic creativity.

Mission

The club will be the most active in New Jersey and build its membership to 80 by the end of 2006 and will attract a regular meeting attendance of 45. At least 50 % of those attending meetings will actively participate by showing their work or turning.

2006 Goals

Must do
